ST-154 Strategy 2024-28

Proposer: Executive Committee
Resolution date: 10.12.2025

Amendment for ST

Delete from line 153 to 155:

1. 5. and academics to support preparatory teams in creating relevant and high-quality content for activities as well as deliver ~~at least 1/4 of~~ sessions during the events.

Reason

It is proven to be not possible (eg. in Study Sessions CoE does not allow so much of expert invitations usually, in smaller events we don't have money for invitation, nor it leaves enough space for the prep-team to deliver fully their agenda), and the expert-led sessions are not always well-rated. Number of expert-led sessions should depend on the topic, form and educational dimension of the event.
